

ONLINE WORSHIP OPTIONS SHIFT

Last March, 2020, at the beginning of the pandemic, the Governor asked that we suspend worship. We did, wanting everyone to stay safe and healthy. Fortunately, we had a Youtube channel. It had long been our practice to upload various parts of the service on Sunday afternoon. (Thank you, Jerry!) Even during that unusual time, we continued to worship ... We started with Pastor recording from her home, and moved back to the sanctuary when we were able. Sunday services were recorded midweek, to premier at 9:30am on FaceBook and on our ULC website (**www.unitedlutheranbv.org**).

Now that the vaccine is widely available, and the CDC has relaxed guidelines, we are back to in-person, on site worship. Every expert who has weighed in suggests that worship will be forever changed. Thus we will continue to use both FaceBook and our website, with several modifications. Beginning May 30th, you will be able to worship at ULC via FaceBook Live. We will set up a camera, and at 9:25am press start ... LIVE ... you will see/experience all of worship with the gathered community. Once worship has concluded, the recording will stay on our FaceBook page. AND then, Jerry Shaw will once again take the recording, edit it, and upload it to our website by 3pm. (Please know that sometimes there are kinks to work out, technical difficulties to overcome, please be patient ... we will work on it until it goes smoothly.)

The liturgy will continue to be sent via email, along with the return of Grace Notes.
