

# Congregational Care

## From the Parish Nurse

### **\*277 or \*ASP**

Arkansas creates a non-emergency hotline to call state Police. Arkansas has a new way for drivers to call Arkansas State Police: a new cellphone connection readied for state highway motorists Call \*ASP or \*277. The 3 digit number will make it easier for citizens to report suspicious activity or other things to highway law enforcement. It can be used by stranded or lost drivers or to report dangerous driving. Dialing the number will send your call directly to the highway patrol division of the Arkansas State Police Department. ***It is not a substitute for calling 911 in an emergency.*** Signs are being placed along highways in every part of the state. Private cellphone carriers

A T & T, T-Mobile, and Verizon have partnered with the state. If you have another cell phone service check with your provider if the \*ASP \*277 speed dial service is available. This service is not designed to function on a land line telephone. This speed dial is for non-emergency inquiries or reports. Calls routed through 911 are always answered first. Watch for the blue reflective metal signs that display the \*ASP \*277.

The Lord will keep watch over your going out and coming in, from this time and forever. Psalm 121: Keep yourself healthy: Drink enough water, exercise, eat right, pray, visit doctor regularly, get a good night sleep, snack healthy, don't forget your teeth, visit or talk to people, and be grateful. If you would like your blood pressure checked or a visit please contact me. ***Parish Nurse Charlotte Spencer***

### **VOLUNTEER DRIVERS WANTED**

Looking for volunteer drivers to transport members to doctor/dentist appointments or pick up groceries. If interested, contact the church office to have your name placed on the list.
