

Social Ministry

Christ is risen! Alleluia! Christ is risen indeed! Those words bring us hope and joy and the assurance of a better life to come! It is up to us to bring that good news to the world today by sharing God's love. One way we do that is through the love we share through our Social Ministry activities—activities that make life a little better for those who have less. We help feed those who are hungry through the meals that our faithful team provides for the Salvation Army once a month, and through the food and other items that people can take from our Little Pantry.

Each month we provide food or hygiene items or socks or hats and gloves for the Oaks Indian Mission. The Mission now helps many refugee families get resettled as well as providing a safe loving home for native children. During March we collected hand soap for the Mission. **DURING APRIL WE WILL BE COLLECTING CEREAL.**

Social Ministry has a benevolent budget that is a part of United's yearly budget. Twelve organizations are recipients of these monies. These organizations cover local, area, A-OK Synod and ELCA churchwide projects.

Through all of our projects Social Ministry is spreading God's love and our love to people all over the world! A big thank you to everyone who helps in any way to support our Social Ministry projects!!

If you do it for those who have less, Jesus says, you do it for me!

Wishing for you a blessed Easter season and spring! Joyce
