

For **non-emergency** assistance after a fall, you can call (479) 855-3771 and ask for assistance. Bella Vista Fire Department personnel will help you get up and check your blood pressure and pulse. They will also recommend a visit to your doctor or an ER if they think it is necessary. There is no cost for this assistance.

This should not be used in place of 911 in the case of a life-threatening emergency.
